

Regent Bags TATA STEEL Order

Integrating forward, Regent have added yet another feather to their hat. In August 2006, Regent was awarded the order for complete supply, erection, commissioning and testing of 132kv cables & accessories for TATA STEEL's Growth Plan Project in Jamshedpur.

The turn-key contract shall involve laying of about 50kms of 132kv 1x300sq.mm Cu, XLPE & 132kv 1x630sq.mm Cu, XLPE cable systems for 15 circuits. The system is due to be commissioned by the end of second quarter in 2007.

The order is a "FIRST" for not only Regent but also for their Principal M/s Phelps Dodge Thailand Ltd (Cable Manufacturer), this being their first order from the Indian Steel Industry. All orders prior to this were received from the Power Utilities.

TATA POWER follow suit

Following on the footsteps of TATA Steel, TATA Power too awarded Regent with their first contract for supply, erection, commissioning and testing of 4km of 132kv cables & accessories.

With Commissioning of the TATA projects, there is no looking back for Regent in the Cable Industry.

Mr. P.K. Murarka, President EIBBMA

Mr. Pradeep Murarka was elected the President of "Eastern India Ball Bearing Merchants Association" on last year. We congratulate him for his thumping election victory for the post of President of "Eastern India Ball Bearing Merchants Association".

On assuming office as the President he was also Co-opted as one of the Executive Committee members for the Bharat Chamber of Commerce. Congratulations once again!
